

LONGSLICE BREWERY

Metropolitan Pilsner is now
available at LCBO.

Metropolitan Pilsner: nostalgia in a can.

Old Toronto Series and Longslice Brewery's latest collaboration, 'Metropolitan Pilsner' will be available at the LCBO from February to May 2023! The LCBO distribution channel will support sharing the historical project built by The Old Toronto Series.

As a tribute to Toronto and Southern Ontario's past, Metropolitan Pilsner features a series of more than 20 collectible cans. The beer inside is light tasting and crisp with a soft bready palate and subtle notes of straw.

Metropolitan Pilsner is not only a celebration of the city, it allows all Ontarians to bring home a piece of history. Here at Longslice brewery we jokingly call it "nostalgia in a can"!

"EVERY BATCH OF OUR METROPOLITAN PILSNER INCLUDES NEW PICTURES OF TORONTO'S PAST."

- Jimmy Peat - Founder and Designer at Longslice Brewery -

- Available at the LCBO from February to May 2023.
- A series of collectible cans with a snapshot of Toronto and Southern Ontario's past.
- A celebration of Ontario's history, in other words: nostalgia in a can.

About Longslice Brewery:

Jimmy & John, the Peat brothers and their longtime friend Sebastian Lesch created Longslice Brewery on March 20th, MMXIV (that's 2014, but it looks way cooler in Roman Numerals). Longslice Brewery is based in Toronto's Canary District and is committed to making only high quality beers at affordable prices.

Longslice Brewery doesn't take itself too seriously. With a good pun, Longslice Brewery talks to those who like a good, easy-drinking regular beer, clean and refreshing. Learn more on LONGSLICE.COM

About Old Toronto Series:

Begun as a passionate love letter to Toronto's history in 2016, the prolific Old Toronto Series now reaches 5 million people each month and unabashedly celebrates all things local.
